

Driving Guide from Asahikawa Motor way and Flower Garden Excursion

3 Light-emitting Insect Park in Numata Town

It is the habitat of Genji Botaru (light-emitting insect) which can be seen rarely in Hokkaido. Light-emitting insects flying like dancing in the dark can be seen in the park in the middle of July through the beginning of August. Hot spring spa, camping site, coalmine museum and fossil museum are near the park.

4 Rose Garden Chippubetsu in Chippubetsu Town

It is one of the foremost gardens for tourists in Hokkaido, where as many as 300 kinds and 3,000 roots of roses can be seen. It opens at the end of June through the beginning of October, 10:00-17:00. The visitors can touch and cuddle the sheep in the adjacent ranch for tourists "Mee Mee Land". It opens all the year round but reservations are required from the beginning of October through the end of April. Rose-flavored ice cream is the big draw and can be savored for 250 Japanese Yen only in this garden.

ここでしか味わえない「ローズソフト」(250円)は、バラの香りがする人気商品!

Gourmet

Italian Restaurant
/ La Pecora in Takikawa City

This is the restaurant where the genuine lamb and Italian cuisine made of food material sourced locally can be savored. Among the various kinds of dishes, we recommend "Mongolian boiled salty lamb" called "Syu-pau-ro" (1,300 Japanese Yen) and fresh pasta made from the wheat grown in Takikawa City.

Lunch: 11:30-14:30
Dinner: 17:30-22:00
Closed on Tuesday

Souvenir

Rape Blossoms Onion Sauce
/ JA Takikawa in Takikawa City

It is the multi purpose sauce developed by JA Takikawa. The peculiar aroma of colza and the feeling of chopped onion are so delicious and addictive. The sauce makes best match with bread. It is sold in the direct sales station run by JA "Nanohana-kan" and the roadside station in Takikawa City.

Paradise of Flowers and Aqua -Uryu-numa Marsh Trail-

The visitors can enjoy hiking, watching a variety of scenery such as more than 200 kinds of flowers, ponds of various size and so forth at the altitude of 850 meters, in the marsh on highland Uryu-numa. Please have enough time and be equipped enough for the hiking and climbing the mountain because it takes around three hours to reach the marsh by car and walk.

2 Sunflower Park in Hokuryu Town

It has the largest sunflower field of 23 hectares with 1,300 thousand sunflowers. The huge maze made of sunflowers (entrance fee is required) is popular and singular sunflowers collected from all over the world can be seen in the park. "Sunflower Ice Cream" which contains roasted seeds of sunflower can be savored at the roadside station for 300 Japanese Yen.
